Work Authorization: Permanent Resident (Green Card) - No Sponsorship Required
Full-Time Availability: February 2027 Onwards

EDUCATION

Istanbul Nisantasi University

Bachelor of Science in Computer Engineering (Full Scholarship)

September 2023 - July 2027 (Expected)

Coursework Completion: January 2027 (all lectures)

TECHNICAL SKILLS & CORE COMPETENCIES

- Languages:** Dart, Kotlin(Android / Native Integration), Java, Python, SQL, CSS3, JavaScript
- Tools & Frameworks:** Flutter, Supabase, Cloudflare Workers, D1 SQL, Git, GitHub
- Soft Skills:** Project Management, Self-Discipline, Cross-Cultural Teamwork, Crisis & Stress Management, High Adaptability

KEY PROJECTS

Hit Archery & Hit Score - Multi-Platform Ecosystem(web,ios,android)

Flutter, Dart, Supabase

- End-to-end designed, UI/UX modeled, and engineered a synchronized mobile and web platform using Flutter and Supabase, configuring native Android (Kotlin) dependencies and platform-specific services.
- Architected the entire database schema and a local-first data paradigm utilizing Supabase, optimizing offline synchronization and system latency.

Neon Show - Real-Time Event Sync Application

Flutter, Cloudflare Workers, D1 SQL

- Architected a low-latency, serverless mobile system for real-time event coordination, implementing an NTP-based local clock offset strategy to eliminate repeated network calls while maintaining precise sync.
- Deployed Cloudflare Workers and D1 SQL background infrastructures to guarantee system scalability and processing efficiency.

VOLUNTEER LEADERSHIP

Technical & Organizational Project Manager

November 2024 - January 2026

İyiliği Kodlayanlar (Coders for Good - Istanbul, Turkey)

- Lead and coordinate mobile application development life cycles for various Non-Governmental Organizations (NGOs).
- Manage cross-functional volunteer developer teams, streamlining sprint planning, task allocation, and project delivery timelines.

EXPERIENCE

Server Assistant (Seasonal)

Xanterra Travel Collection - Grand Canyon South Rim, Arizona, USA

July 2026 - October 2026

- Manage fast-paced operations and dining logistics in a high-volume international tourist destination, ensuring efficient table turnovers and high-quality service under pressure.
- Collaborate actively within a diverse, multicultural team to maintain strict operational workflows and cross-functional communication during peak hours.
- Deliver exceptional guest relations and rapid problem-solving, leveraging strong English communication and adaptive stress management skills.

Search Engine Quality Specialist

Yandex (Remote / Part-time)

October 2024 - February 2025

- Analyzed and labeled complex data structures to optimize search engine algorithms and improve system accuracy.
- Investigated technical edge cases and user search patterns to refine data evaluation and algorithmic precision.
